REMARKS

Reconsideration of this application and entry of the foregoing amendments are respectfully requested.

At the outset, it is noted that, at various points in the Action, the Examiner refers to claims "42-48". It is believed that "41-48" was intended but clarification of the record in this regard is requested.

The claims have been revised to define the invention with additional clarity. The specification has been amended to update the status of the parent case.

Claims 33, 37 and 42-48 stand rejected as representing obviousness type double patenting over claims of Application No. 08/289,532 (now USP 5,690,933). It is understood that the filing
